INCIDENT REPORT - ADULT/TEEN/CHILD

Michael McDougale, one in each arm, taking him to Isolation. The officers did search Mr. Michael McDougale, while they was in there. Officers, also stated that prior to being brought in, that McDougale had been tazed, because of his behavior, when they had gotten on scene. Michael McDougale did appear to look as though he was under the influence, of something, he wasn't speaking and he wasn't walking, only making loud growling noises. I was unable to acquire any information from him, because of this matter. (OR picture). I'm guessing around (2300, -2230) Ems had showed up here responding to another subject by the name of (JASON MORROW) that MHP had called on. After Ems looked at Mr. MORROW they were getting ready to leave, when officer ERIC LYONS asked them to please have a look at Mr. Michael McDougale. Ems, then went into isolation talked with Mr. McDougale, what little she could get out of him. Ems (Brandi Wyatt), she checked his blood sugar, pulse, She asked if he had taken anything on drugs, etc, if so let her know, and she'd get him some help. He stated what are you talking about? Ems then took his long sleeved shirt off searching for track marks, and they stated that he was fine. Then all officers and Ems left.
